

PSPA 201  
Final Examination  
Fall 2007-08

I. Mandatory Question:

Compare and contrast the various approaches to politics as a value allocation process. Which approach, in your opinion, is closest to reality. Discuss in an analytical essay (20 points).

II. Address three of the following issues (5 points each):

1. The characteristics of the command economy
2. Patterns of communication
3. The process of development
4. The dynamics of economic development
5. What impact will the communications revolution have on politics, if any?
