Answer TWO questions in well-organized essays. Do not summarize. Give the numbers of the questions chosen, and return the question sheet with your paper. Do not forget to write your identity number under your name.

1. Midaq Alley alludes to the human condition but is not a statement about it.

Briefly explain what the above means, with examples. Then analyze in the light of three texts you have read this semester.

2. "The Orient is not only adjacent to Europe: it is also the place of Europe's greatest, richest, and oldest colonies..."

Identify this statement. Then see how it might apply to two of the following: Nietzsche, Mahfouz, Tayeb Salih.

3. "Few are made for independence and it is the privilege of the strong..."

Briefly explain the above, and apply to three texts you have read this semester. What do you think?
