Essay questions  
50 % (60 minutes)

The bullet points are intended to help you organize your thoughts.

Please, answer BOTH parts of the subject.

- ☛ The heritage of our past, standing and excavated archaeological remains and information, will survive only if it is meaningful in the present.

- This can be illustrated by the success of highly popular presentations of such heritage elsewhere (Athens, London, Paris Lebanon exhibition). Why do these and similar presentations succeed?

- Your visits to Lebanon's National Museum and the City Center of Beirut (=BCD), have introduced you to archaeological remains and information about the past of this country, particularly of its capital.

- You are familiar with some proposals for the integration of such heritage information into downtown Beirut.

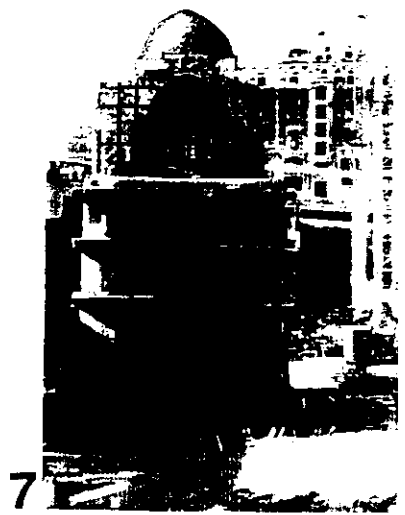

- ☛ How would YOU imagine the five millennia of Beirut's past integrated and presented to the public in the City Center?
