

PSPA 203
Spring 1996

Final Exam Name-----

Complete the following tasks in 2 hours or less

1. Indicate in detail how the following hypothesis can be operationalized and tested. (50 pts.) Include all steps as if you were actually going to do the research.

In Lebanon's summer 1996 parliamentary elections, the younger generation of voters will tend to vote for candidates who are not traditional political figures or related to any of the political parties because they feel it is time to change the wartime politicians.

M

use the reverse if necessary

2

2. Referring to 5 of the methodologies studied, what do you believe are the two most difficult problems the social researcher has to overcome in each methodology and why? (50 pts.) You may use illustrations if you wish.
